

TELEVISION RIGHTS OVERVIEW 2018-19 NCAA CHAMPIONSHIPS

The NCAA and our primary broadcast partners (i.e., Turner, CBS, ESPN, Golf Channel, Tennis Channel) own all television and digital / Internet video streaming rights for all 90 NCAA championships.

*Please Note: the NCAA does **not** own the television rights/footage to any collegiate athletics' regular-season games/matches/contests [except for selected **Division II** games (e.g., football and basketball) from the NCAA Division II Game of the Week television package]; any Division I Football Bowl Subdivision (FBS) games (including bowl games); nor conference championships games/matches/contests. If you are interested in obtaining / licensing regular-season, conference championships or FBS video footage, please contact the appropriate conference office.*

NCAA Conference/Institution (Campus) Television Networks / Regional Sports Networks (RSN) / Local Television Stations Rights. For championship rounds that do **not** have predetermined national television (i.e., Turner/CBS, ESPN, Golf Channel, Tennis Channel) coverage or, if Turner/CBS, ESPN, Golf Channel or Tennis Channel decides to **NOT** activate their rights, the NCAA has the right to grant/sell those commercial / noncommercial television broadcast rights to any network, if it so chooses.

[Please Note: NCAA television rights include live coverage, tape-delay coverage and post-event footage use. All game action, practice footage, press conferences, one-on-one interviews shot by local ENGs and any other footage shot inside the venue is owned by the NCAA.]

The NCAA broadcast services group will award qualified NCAA conference/institution (campus) television networks / RSNs / local television stations commercial / noncommercial television broadcast rights based on the following criteria:

1. Commercial television rights fees **vary** for specific NCAA championships rounds (e.g., Division I Women's Volleyball first/second rounds). Generally, there is a **minimum of \$1,500 per game / per broadcast entity (i.e., per network / station)**. However, a noncommercial television station (e.g., nonprofit, state/local government, colleges and universities) may have the rights fee waived.

[Please Note: Any station selling commercials; selling or airing billboards; sponsorships; in-game graphic sponsors; underwriters; or phone pledges must pay the NCAA a commercial television rights fee per game.]

2. All game times will be determined by the NCAA in conjunction with the host institution. Games times may be adjusted, at the NCAA's sole discretion, to accommodate broadcast windows for the entity that wishes to acquire these rights to increase the national, regional or local exposure of the NCAA championship.

3. The television entity that is awarded television rights must provide the NCAA with satellite coordinates or a fiber feed for each game/match/contest [or broadcast window(s)].
4. Television entities awarded television rights must strictly adhere to the NCAA's 24-hour Silent Blackout Policy. The only relief that will be granted with this policy is if the host institution has sold out its competition venue.

NCAA SILENT BLACKOUT POLICY. The NCAA does **not** implement local blackouts for NCAA championships; however, a "silent" blackout may be implemented until 24 hours prior to the start of the televised championship event for regions within a 50-mile radius of the event. A "silent" blackout restricts the television station from announcing that it has obtained the rights or promoting the broadcast on any medium (e.g., newspapers, television, radio, Internet). If the "silent" blackout is broken, the NCAA maintains the right to cancel the broadcast. The blackout policy does **not** apply to Turner, CBS, ESPN or the Golf Channel telecasts.

5. If a television or broadcast entity is **not** willing to meet the aforementioned criteria, the NCAA broadcast rights will **not** be granted.

Additional Television Rights Criteria That Will Be Considered Are as Follows:

1. Financial package.
2. Coverage area (how many households delivered).
3. Relationship with the institution (e.g., produced five regular-season games and 10-coaches' shows during the regular season).
4. Production quality (e.g., number of manned cameras, number of videotape replay machines, layout of television production truck, number of announcers, type of graphics looks).
5. Prior bidding in current championship.
6. Live broadcast or tape-delay broadcast.

All television rights bids should be submitted to Amy Skiles (askiles@ncaa.org). Competitive bidding deadlines are put in place so NCAA conference/institution (campus) television networks / RSNs / local television stations that are serious about producing NCAA championship game(s)/match(es)/contest(s) get adequate notice to plan production details and promotion of telecasts.

NCAA conference/institution television networks / RSNs and local television stations awarded syndication rights will be given all local commercial time to sell in accordance with NCAA

advertising guidelines. *[However, if awarded noncommercial rights, the station may **NOT** sell commercials; sell or air billboards; sponsorships; in-game graphic sponsorships; underwriters; or phone pledges.]* The NCAA reserves the right to keep four 30-second spots for NCAA public service announcements per game. **Click [HERE](#) to review the current NCAA Advertising and Promotional Guidelines.**

The NCAA requires a game-record copy and ISO MELT / clean highlights of each game/match for the NCAA Video Library delivered **within four business days** after the telecast(s).

The NCAA will accept masters in any of the following digital formats: .mov (quick time); .mxf; or mp4 (1080, 720p).

For upload instructions, questions or if your master is on another format, please contact Wazee Digital's Steve Goldman (steve.goldman@wazeedigital.com; 720-382-2878).

NCAA Championships Unavailable for Commercial or Noncommercial Syndication

The following denotes the NCAA championships rounds that **have predetermined national television** (i.e., Turner/CBS, ESPN, Golf Channel, Tennis Channel, NCAA.com) coverage and whose media rights are **unavailable** for NCAA conference/institution television networks / RSNs / local television station television broadcast syndication rights:
